

ZERUBBABEL CORPORATE MEETING IN SORONG - WEST PAPUA

By Jason Sentuf

I just came back from Sorong, the Westernmost Part of West Papua province after participating in the Zerubbabel Company Meeting, June 20-21, 2008. This was the first meeting of its type in our church history. It was called the "Zerubbabel Company" because our "Church Eldership Leaders group" was responding with the spirit of Zerubbabel to the Work of Edifying the Body of Christ with their financial support - which constitutes the manifestation of Zechariah's vision of New Temple Building as quoted in Zech 4:6-7. There were about 500 people attending the meeting.

All of them are from different levels and status throughout West Papua region. Most of them are civil servant, and some are business men. Some even have good positions and are very important in our West Papua Provincial Local and state governments. They seem very ordinary in the meeting (as you can see in the picture) but they are powerfully supporting the work of God in several parts of Indonesia. Some of them have even collected their money corporately and given

it as free will offering to several Messianic Jewish Foundations in Israel on November 2007, including Sabra Organization.

The Zerubbabel Company is one of the very important gifts for Holy Way Church in Indonesia. The Theme of this meeting was "The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever."

The Kingdom of our Lord which is "The Messianic Kingdom" manifested through the Body of Christ (Messianic Body) was the main subject preached by Bro. Dolfi Solossa who is the mighty man anointed with the Holy Spirit during the meeting. He is a pioneer of New Pentecost Charismatic Movement in West Papua since 1974 and also one of our spiritual fathers of Holy Way Evangelical Church in Indonesia.

I was greatly inspired by the message he brought forth, that both Jews and Gentile Church will be soon immersed into one Body which is the Messianic Body as Paul said in Eph. 2:15-17 "..... for to make in himself of twain one new man, so making peace; And that he might reconcile both unto God in one body by the cross,... For through him we both have access by one Spirit unto the Father." We are now walking in the fulfillment time of these verses! This Hope will be our vision, rooted deeply in both faith and spirit.

This is our new Church Building in Sorong. About 90% of the work is finished. There is still Rp. 2000.000.000 (about US \$200.000) we need for finishing the building wholly. Please hold it up in your prayer.
